

Missouri Public Transit 2016 MEMBERSHIP DIRECTORY

TRANSIT: *Almost Everywhere, for Everybody, Everyday.*

Missouri Public Transit Association

The Missouri Public Transit Association (MPTA) was established in 1980 to provide a unified voice for public and specialized transportation providers in Missouri and to work toward elevating the status of public transit as a priority. Thirty-five years later we continue to work to ensure transit has a voice in this state.

MPTA transit provider members provide more than 67 million rides almost everywhere for everybody every day in Missouri, and they employ thousands in our communities. The MPTA mission values personal mobility as a basic quality of life by promoting access to public transit services.

The facts show investment in transit increases access to jobs, education and healthcare; creates development opportunities and jobs; and provides reinvestment in the disadvantaged areas of our state. According to the American Public Transit Association, for every dollar invested in transit projects there is a \$4 return for the state.

Moving transit forward in 2016, MPTA Goals include:

- * Elevate the status of transit in Missouri.
- * Build new coalitions to expand advocacy base.
- * Promote and support MPTA members.

"Without OATS, it would be difficult for my wife to get her regular dialysis treatments. She depends on transit, and I depend on her."

"I just got a promotion- my dream job in a pediatric neo-natal care unit. I depend on transit, and the kids depend on me."
